

# PUSHPENDRA PARMAR

## Computer Engineer

@ pushpulldecoder@gmail.com

@pushpull13

pushpull13

in linkedin.com/in/pushpendra-parmar-5b81b9165/

## PROJECTS

### 8 BIT COMPUTER

- Designing of 8 Bit computer

### ANN

- Implementation of Artificial Neural Network from scratch using numpy

### COMPRESSOR

- Implementation of Huffman Compressor in Assembly

## TECHNICAL SKILLS

C, C++, Python

CUDA, GoLang, Java, Assembly

Linux

Machine Learning

OpenCV, PyTorch, Tensorflow

Statistics, Probability

Arduino, Raspberry Pi

## ONLINE COURSES

- deeplarning.ai Deep Learning Specialization
- Probability and Statistics, Khan Academy
- Caltech's Machine Learning Course - CS 156
- Machine Learning, Courseera - CS229
- Convolutional Neural Networks for Visual Recognition - CS231n

## WORKSHOPS ATTENDED

- Machine Learning at IEEE Summer School DAIICT Gandhinagar - June 2018
- Android App Development by Google at TechFest IIT-Bombay - Dec 2018

## EDUCATION

Bachelor of Technology (Computer Engineering)

Nirma University

2021

Ahmedabad

CLASS XII

Saint Mary's

2017

Rajkot, Gujarat

- 84%

CLASS X

Atmiya School

2015

Rajkot, Gujarat

- 85%

## AREA OF INTEREST

- Machine Learning
- Computer Vision
- Generative Neural Networks
- Reinforcement Learning
- Computer Security at Hardware level
